

HEUSSEN: Leading provider of quantum computing applications Terra Quantum accompanied in expanding its financing round

Munich, Apr. 4, 2022 - HEUSSEN Rechtsanwaltsgesellschaft mbH, Munich and, Walder Wyss Ltd. Zurich represented client Terra Quantum AG, a Swiss based quantum technology company, in an extension of its series A financing round in a total amount of USD 75 million. The new capital will, inter alia, enable the company to expand its R&D capabilities and accelerate its international expansion.

The HEUSSEN deal team was led by Clemens Richter (Partner, Corporate/Private Clients). The Walder Wyss deal team was led by and Marion Bähler (Managing Associate, Corporate/M&A) and further included Timon Nydegger (Senior Associate, Corporate/M&A) as well as Marius Breier (Managing Associate, Tax).

Corporate law is one of HEUSSEN's core areas of expertise. More than 30 partners and lawyers advise in particular on transactions, financing rounds and restructurings. National and international clients are advised across all offices on all corporate law matters as well as on all questions relating to corporate organisation. The team also has extensive experience in cross-border matters.
